

Special Needs And Parents - is an Essex charity that helps families with children and young people who have any special need or disability

From its Brentwood base, SNAP offers a helping hand to thousands of families who need support in a variety of ways.

No formal diagnosis or professional referral is necessary to access SNAP services, available to families of children and young people aged 0 to 25. Facilities at the centre include a training room, a multi-purpose activity hall, multi-sensory room and specialist IT suite.

"When parents first come to The SNAP Centre they often feel isolated and don't know where to turn, but with SNAP's support they grow in strength and knowledge and become better equipped to give the best possible help to their children," says Karen Boath, Manager (Families).
