Swimming Tutors and Schools

Level Water

Level Water is a national charity getting more children with disabilities learning how to swim. They work with local swimming pools to provide a programme of affordable and expert 1:1 swimming lessons to children with physical, visual and hearing impairments. They subsidise 1:1 lessons so they cost the same as a mainstream group lesson for the parents. They fund lessons for children aged 4-11, who cannot currently swim 10 metres, with a physical disability or visual/ hearing impairment. Unfortunately, they are not currently able to support children with other disabilities.

In partnership with lots of pools across the UK
